

# Send **All** My Friends to School

## Lucy, from Kenya

Meet Lucy. She is eleven years old.

Lucy lives in Kenya.

Kenya is a country in Africa.

Lucy has polio. Her right leg is weak.

She can't walk to school.

Lucy would love to go to school.

This is what Lucy does every day:

"When I wake up I clean the house.

I wash the dishes and make tea.

In the afternoon I bathe my brother.

I go out to play ball and bottle top games with my friends.

I don't go to school because I can't get there.

I wish I could learn to read like my friends."
